CHANNEL DEVELOPMENT 2020

PT. FATIHA SAKTI

FAST-8 (PT Fatiha Sakti) is a growing software house and IT services company that has been operational since 2008. Originally a custom software developer, the company's first product is a capital market software called Fixed Income Trading System (FITS), which until now has been used by prominent securities company in Indonesia including BNI Securities, MNC Securities and Maybank Kim Eng Securities.

Hadirr.com was launched in 2017, aiming for solving the employee's attendance problem in Your company and for optimizing employee's productivity.

A smartphone with a black frame is shown vertically. The screen is a solid bright yellow color. In the center of the screen, the word "hadirr" is written in a dark grey, lowercase, sans-serif font. A small registered trademark symbol (®) is located to the upper right of the word. The phone is set against a light grey, textured background that resembles a stone or concrete surface.
