Dear Valued Customer,

Re: Stop the Press - Important Announcement!

We are writing to provide you with the latest announcement in regards to our growing support in Indonesia.

The global success of **Technogym** continues with increasing investment in innovative **Smart Equipment**. Technogym's new lines, such as the **Excite Live** line and the open digital platform, **MyWellness Cloud**, are engaging users in a more social and effective way, changing the user's experience and raising their expectations. Our partners are experiencing impressive increases in user and membership numbers, retention and loyalty. This, of course, is only part of the success story. In Asia Pacific we are growing at breath-taking speeds in both developed and developing regions. This is ultimately positively reflected in our increasing shareholder value.

Technogym prides itself on the importance of its brand and the fact it is truly **The Wellness Company** offering unique **Total Wellness Solutions** for businesses and homes. As markets grow, **Technogym** will grow. Indonesia is very important to us and we are working hard to provide greater support and services throughout the country.

For many years, Dynaforce has been our partner in Indonesia, however, this appointment has come to a mutual and amicable end. **Technogym** and Dynaforce have enjoyed a very long-standing relationship in the region and importantly our partnership continues in Singapore.
